Which exam board and courses are studied at A level?

Edexcel. UK Politics & Government (Including Ideologies) and US Politics.

What skills will studying Politics equip me with?

A level Politics is an incredibly interesting subject, encompassing many important skills and knowledge that you will keep for life. Being able to write effective essays that convey a point of view and supporting that with evidence is an incredible skill to possess. The subject will also help give insight into the world of politics at large and help you inform your own decisions.

Do I need a specific grade at GCSE to access A level?

Politics is not on the UK curriculum for GCSE. This means that, apart from a small section in PSHE, Politics is not taught during Y7-11. Therefore, there is no specific grade requirement. However, attainment in subjects such as English and History will be used as an indicator for suitability for the subject.

How is the course structured and how will it be taught?

You will have three examination papers. One for each of your components (UK Politics, UK Government, US Politics). Each UK component will have a compulsory source question, one essay from a choice of two and one ideologies question from a choice of two (Liberalism, Conservatism, Socialism and Anarchism). For the US component, there are two 12 Mark Questions, one of which is compulsory, the other via a choice of two, with the final question being an essay question from a choice of three. Although there are essays and they can seem daunting to begin with, try to see them as a way of showing what you know and understand. You are showcasing your expertise. The ability to write in a clear, coherent manner is a very valuable skill and one esteemed by employers.

UK Politics explores the nature of politics and how people engage in the political process in the UK. UK Government introduces the specific roles and powers of the different major branches of the government – legislative, executive, and judiciary – as well as the relationships and balance of power between them and considers where sovereignty now lies within this system. US Politics considers the extent to which the key institutions of government function and provides an opportunity to compare and contrast institutions between the US and UK.

Booklets are specifically designed for each topic to embed learning and a discursive approach is taken during lessons to highlight and debate issues associated with each. The use of articles, social media, videos and other sources are adopted to maximize contemporary analysis of UK and US Politics.

Is there a coursework component?

No.

Who teaches the course?

Mr Edwards and Mrs Ahern.
