WGS6 BULLETIN

Autumn Term 2026

WGS6 OPPORTUNITIES

Thank you to our Head Boy Team for chairing our weekly Senior Prefect meeting.

Thanks also to our House Captains, who have delivered their first assemblies of the year; the great house competition begins!

It's great to see our student leaders working together, sharing ideas and helping to shape school life. We look forward to seeing their plans come to life!

Our Y12 participated in an engaging First Aid training day, learning key life skills; thanks to Above All First Aid for their superb delivery.

A number of outreach events have taken place this term; Olly, Harry and Alex returned to Pensby High School to share their insight into WGS6. We look forward to welcoming students from other schools for visits!

HOW YOU CAN HELP

Our Y12 prefects were able to host a sixth form taster assembly to inform our Y11's about the benefits of joining WGS6.

We are looking forward to Y11's from WGSB and other schools joining us for our A Level Open Evening

Open day 2026 was great!
Our prefects were able to help and assist with this evening, helping new aspiring students, and telling them all about our school!

MINDS & PSG

Our outstanding MINDS team were invited to the 'Kicking Off Conversations' conference hosted by the LFC foundation, to give a presentation on the provisions we have in place at Wirral to support and raise awareness about mental health and pastoral support.

We are very proud of our students for their commitment and the support they give to other student.

Events like these highlight the work that is taking place every day here at Wirral.

Students enjoyed a kick about with Ex LFC goalkeeper Chris Kirkland afterwards as well.

Hattie and Jim delivered an outstanding presentation to our MINDS Mental Health Team and to our Y12 students exploring perfectionism and the pressure to meet high expectations.

CHARITY & FUNDRAISING

A huge well done to the school's MINDS team, Mrs Smith and Love Bebington, who have been at the heart of the Gordon Youd Memorial garden regeneration project. It has been great to see so many students involved. It has been a pleasure to see such an enthusiastic group of young people who have worked so hard and clearly take real pride in creating a space for their school community.

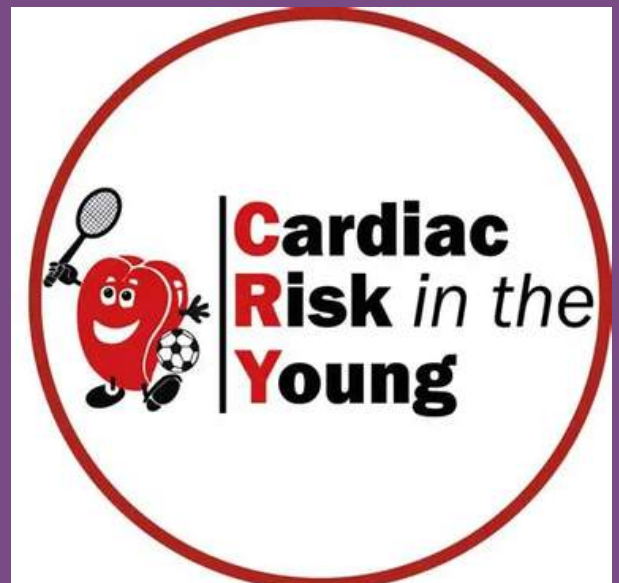

OUR CHOSEN CHARITY

We are delighted to announce that our nominated school charity for this year is CRY (Cardiac Risk in the Young).

CRY works to prevent sudden cardiac deaths in young people by raising awareness, providing heart screening and funding vital research. The charity also supports young people diagnosed with heart conditions and families affected by the devastating loss of a young person. It is a cause with young people at its heart, making it particularly meaningful for our school community. ❤️

This continues our proud tradition of supporting worthwhile causes, including Claire House, OddBalls, The Martin Gallier Project and Wirral St John's Hospice.

Careers and next steps

Students enjoyed another fantastic workshop with Airbus, continuing a valued employer partnership that gives our students first-hand insight and practical preparation for competitive apprenticeship applications.

A excellent session was delivered by JLR to offer bespoke support to our WGS6 Apprenticeship Group, who benefited from an insight into securing higher and degree apprenticeships.

Our First Hand Careers Club proved popular with KS3 students at our annual Clubs & Societies Fair!

We hope you enjoyed reading this bulletin
and we look forward to sharing details of
future WGS6 events!
